SUMMARY

Creative and collaborative design professional, with fifteen years of experience in web design, development and implementation.

Artistic visionary with operations oversight experience, with twenty-five years as owner and operator of a successful decorative painting business (eliascartwright.com).

Refined relationship-builder, working consultatively with clients to actualize their creative vision.

PROFESSIONAL EXPERIENCE

Minnesota Oral Health Coalition (www.findadentistmn.org)

2016-Present

Aggregated an extensive database of statewide zip codes and counties to create the easily navigable Oral Health Directory website, allowing users seeking dental clinics that accept public insurance/no insurance to search by zip code and region.

- Researched and developed access database and web interface suitable for client needs, utilizing Wufoo Forms
- Enhanced website with Google Translate and Google Maps to ensure optimal user interface
- Performed the validation and testing of the finished website

Michelle Kinney (www.michellekinneymusic.com)

2015

Designed and created the professional website of an award-winning composer and cellist.

- Responsible for art direction and design implementation of website showcasing the artist's professional accomplishments, awards and fellowships
- Incorporated dynamic visuals, photographs and embedded music to provide a multi-sensory user experience and promote a consistent professional vision
